

Jot-Pair-Share

Directions: We will watch three short segments of the program *The Warrior Tradition*. You will jot down your ideas about the Native American culture that you gather from the video. Keep in mind the exit ticket questions. With a partner, you will exchange ideas. Then partners will share their ideas with the class.

Notes:

While watching the video consider, what are some reasons for going to fight in the US war? Why do the different Native American people in the documentary want to serve in the military?
